1. BACKGROUND

Lobbying practices can give rise to controversy, and at times may challenge public trust. We wanted to go beyond compliance with international codes and standards governing this activity, and in November 2013 Sanofi implemented its internal Global Policy on lobbying which was updated in February 2018. Accordingly, only authorized Sanofi employees and hired consultant lobbyists may engage in discussions on Sanofi's behalf concerning legislation and rulemaking activity without prior, expressed, and written Sanofi approval.

Per Sanofi Lobbying Policy, all Sanofi authorized employees and consultant lobbyists must ensure that :

1. They remain compliant with all applicable laws and regulations ;
2. Lobbying must be done with the purpose of advancing Sanofi's interests ;
3. They remain honest and transparent concerning whom, and for what, they are lobbying ;
4. Provision of gifts, entertainment, or hospitality must be made in strict compliance with applicable anti-corruption laws and regulations, Sanofi policies, and regulations and other regulations and codes (e.g., internal policies of the lawmaker) ; and,
5. Any contract with a consultant lobbyist must include a detailed quotation of services, anti-bribery provisions, audit rights of Sanofi, and the consultant lobbyist's commitment to comply with local regulations.

The Organization for Economic Co-operation and Development (OECD) Principles for Transparency and Integrity in Lobbying were also used as a reference in developing our responsible Lobbying policy. The policy stipulates that Sanofi must perform lobbying with the highest ethical standards and commitment to the patient. In addition to compliance with Sanofi's Code of Ethics, and with the applicable lobbying and advocacy laws and regulations where Sanofi does business, the key principles of the policy include (but are not limited to) : the quality of information circulated by Sanofi ; support for initiatives that aim to increase transparency in public and business life ; and only personnel who are registered lobbyists or have prior approval from Sanofi management can engage in lobbying on behalf of Sanofi.

Additionally, Sanofi US PAC seeks to educate candidates not fully aware of Sanofi's portfolio but seeking to learn and subsequently champion our issues. Sanofi US PAC is governed by the PAC Board of Directors, a group of Sanofi employees covering a broad range of company functions and responsibilities.
