

Sanofi Appoints Stefan Oelrich Executive Vice President Diabetes & Cardiovascular and Member of the Executive Committee

Paris, France - October 2, 2017 - [Sanofi](#) today announced the appointment of Stefan Oelrich as Executive Vice President Diabetes & Cardiovascular (DCV), effectively immediately. In this role, Mr. Oelrich will be a member of the Executive Committee. He has served as Acting Head of DCV North America business since July.

Mr. Oelrich previously served as head of Sanofi's global diabetes franchise since June 2016. Prior to that, Mr. Oelrich held the role of DCV Europe Region Head & Sanofi Europe Coordinator, and he was heavily involved in establishing the DCV global business unit since mid-2015. Between 2011 and 2015 he served as General Manager in Germany, Switzerland and Austria.

Mr. Oelrich began his career in Bayer AG in Germany in 1992 where he held positions of increasing responsibility and leadership across Latin America, Europe and the US including General Manager for Bayer Healthcare in Belgium and in France. He led Bayer Pharmaceutical's US Marketing as VP of Marketing followed by a promotion to SVP & General Manager US Women's Healthcare.

A citizen of Germany, Mr. Oelrich holds a Master's degree in Business Administration from the Business School of the Cologne Chamber of Commerce.

About Sanofi

Sanofi, a global healthcare leader, discovers, develops and distributes therapeutic solutions focused on patients' needs. Sanofi is organized into five global business units: Diabetes and Cardiovascular, General Medicines and Emerging Markets, Sanofi Genzyme, Sanofi Pasteur and Consumer Healthcare. Sanofi is listed in Paris (EURONEXT: [SAN](#)) and in New York (NYSE: [SNY](#)).

Sanofi Forward-Looking Statements

This press release contains forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995, as amended. Forward-looking statements are statements that are not historical facts. These statements include projections and estimates regarding the marketing and other potential of the product, or regarding potential future revenues from the product. Forward-looking statements are generally identified by the words "expects", "anticipates", "believes", "intends", "estimates", "plans" and similar expressions. Although Sanofi's management believes that the expectations reflected in such forward-looking statements are reasonable, investors are cautioned that forward-looking information and statements are subject to various risks and uncertainties, many of which are difficult to predict and generally beyond the control of Sanofi, that could cause actual results and developments to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These risks and uncertainties include among other things, unexpected regulatory actions or delays, or government regulation generally, that could affect the availability or commercial potential of the product, the absence of guarantee that the product will be commercially successful, the uncertainties inherent in research and development, including future clinical data and analysis of existing clinical data relating to the product, including post marketing, unexpected safety, quality or manufacturing issues, competition in general, risks associated with intellectual property and any related litigation and the ultimate outcome of such litigation, and volatile economic conditions, as well as those risks discussed or identified in the public filings with the SEC and the AMF made by Sanofi, including those listed under "Risk Factors" and "Cautionary Statement Regarding Forward-Looking Statements" in Sanofi's annual report on Form 20-F for the year ended December 31, 2016. Other than as required by applicable law, Sanofi does not undertake any obligation to update or revise any forward-looking information or statements.
