

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient's data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

ALLEGATO 1												Date of Publication: 25-June-2025	
Full Name (Art. 1.01)	HCPs: City of Principal Practice HCOs: city where registered (Art. 3)	Country of Principal Practice (Schedule1)	Principal Practice Address (Art. 3)	Unique country identifier OPTIONAL (Art. 3)	Donations and Grants to HCOs (Art. 3.01.1.a)	Contribution to costs of Events (Art. 3.01.1.b and Art. 3.01.2.a)			Fee for service and consultancy (Art. 3.01.1.c & 3.01.2.c)			TOTAL OPTIONAL	
						Sponsorship agreements with HCOs / third parties appointed by HCOs to manage an Event	Registration Fees	Travel & Accomodation	Fees	Related expenses agreed in the fee for service or consultancy contract, including travel & accommodation relevant to the contract

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient's data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient's data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient’s data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient's data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

ALLEGATO 1

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient's data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

ALLEGATO 1												Date of Publication: 25-June-2025

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient's data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient’s data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient's data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient’s data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient’s data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient’s data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

ALLEGATO 1												Date of Publication: 25-June-2025

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient’s data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient's data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient’s data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient’s data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient’s data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient’s data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient’s data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient’s data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.

Publication of transfers of value to Recipients aims at reporting the values (monetary or in-kind) to Healthcare Professionals and Organisations our company is collaborating / has relationships with, following the objectives and provisions included in the applicable Codes. Individual disclosures have been consented to by individual Recipients – such consent has been given to allow complying with the applicable Codes that our company signed off to. These publications do not grant a general permission for those accessing our websites or the national platforms to undertake additional processing of the Recipient's data. For a good understanding of the reporting included in our disclosures as published on these websites, we refer to the Methodological Notes that clarify the meaning and content of the transfers of value reported.
